SKILLS

- **Languages:** C++, JavaScript, C, PHP, Python, Java
- **Frameworks:** HTML and CSS, NodeJS, React, Bootstrap
- **Tools/Platforms:** XAMPP, Tailwind CSS, APIs, Git, Vercel
- **Soft Skills:** Communication, Teamwork & Collaboration, Problem-Solving

PROJECTS

- **BidMaster – Auction & Bidding Web Application** |  October 2025
 - Enabled a real-time auction system with secure user access, item listings, competitive bidding, and live price updates across active sessions.
 - Drove auction workflows through Node.js REST APIs handling bid validation, pricing rules, data persistence, and automated winner selection with MongoDB.
 - Delivered a production-ready experience via a responsive React interface and cloud deployment on Vercel, ensuring low-latency updates and end-to-end reliability.**Tech:** React, NodeJS, Mongo DB, Web deployment (Vercel)
- **AI Tutor – Intelligent Learning Assistance Platform** |  May 2025
 - Enabled personalized academic support through an adaptive learning system driven by real-time user interactions.
 - Powered instant, context-aware learning assistance via an AI conversational agent that resolves queries and explains concepts on demand.
 - Elevated learner engagement with a responsive, secure interface combining structured lessons, immediate feedback, and scalable content delivery.**Tech:** HTML, CSS, JavaScript, Bootstrap, APIs
- **Path - Finder – A Web based Shortest route & Navigation System** |  April 2025
 - Delivered real-time shortest-path routing with geocoding, live location tracking, and multi-mode navigation (driving, walking, cycling), producing accurate distance and ETA results in sub-second time.
 - Presented navigation intelligence through a clean, responsive map interface, combining turn-by-turn directions, multi-segment route visualization, and dynamic path overlays.
 - Strengthened system reliability through robust input validation, permission control, and API failure handling, ensuring consistent performance across diverse user and network conditions.**Tech:** HTML, CSS, JavaScript, Leaflet.js, OpenStreetMap/OSRM APIs

CERTIFICATES

- C++ Programming: OOPs And DSA by CSE Pathshala |  August 2025
- Introduction to Generative AI |  July 2025
- Cloud Computing by Swayam (NPTEL) |  April 2025
- Responsive Web Design by freeCodeCamp |  October 2023

EXTRACURRICULAR ACTIVITIES

- Social Awareness: Supporting , teaching, and feeding kids in need by JEEVAN |  June 2025

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.04 August 2023 - Present
- **D.A.V Public School** Dhanbad, Jharkhand
Intermediate; Percentage: 85% April 2021 - March 2022
- **Rajkamal Saraswati Vidya Mandir** Dhanbad, Jharkhand
Matriculation; Percentage: 81% April 2019 - March 2020
